Preface

प्रज्ञानं ब्रह्म (ऋग्वेद-ऐतरेय उपनिषद्)

This first part of the *Vanaspati Chitra Nidarshika* is dedicated to a book written in the Gujarati language entitled "Plants of Kutch Swasthan and its Uses", which is a precious gem in the ocean of available literature on identification of plants. Writer Shriman Jayakrishna Indrajī Thakar is a holder of immense wisdom, a seeker-ascetic of plants and a special person who sanctified the land of Gujarat through his works. The above treatise written by Shriman Jayakrishna ji bears witness to his high knowledge of plants.

In this first part of the *Vanaspati Chitra Nidarshika*, "Plants of Kutch Swasthan and its uses" in the book "Plants of Kutch Swasthan and its uses" contains pictures of different parts of plants like leaves, fruits, flowers etc. This compilation has been done by students of post graduate course of Department of Dravyaguna, Government Ayurveda College, Vadodara under the guidance of Vaidya Dharmendra Jani (Associate Professor) working in the same department. This *Pratham pushapa* is presented for the benefit of Botany scholars, students and public as part of the initiation of research into the true identification and availability of herbs described in ancient Ayurvedic scriptures by this department under the tradition of "*Ayurvediya*" and for the public interest of such publications in the future to be done. This is a humble attempt to repay this enlightened blessing given by our sages with the aim of making botany popular.

Acknowledgement

With a great pleasure we express our gratitude to the Directorate of AYUSH, Government of Gujarat, for providing us a wonderful place of learning, Government Ayurved college, Vadodara (GACV).

Grateful thanks to respected Vd. Bharat Kalsariya sir (Principal, GACV) for giving us motivation, encouragement and providing the facilities to complete this work.

We extend our grateful thanks to Vd. Dilip Jani sir (HOD, Dravyaguna Department) for giving us the immense support during this work.

The entire team is heartily thankful to Vd. Dharmendra Jani sir (Associate Professor, Dravyaguna Department, GACV) for giving us this innovative idea of Digital Pictorial Compendium based on book *"Kutch Swasthana ni Vanspatio"*. We are thankful for his valuable suggestions and constant cooperation as well as help through the entire work. With feeling of profound gratitude, we express our sincerest thanks to sir.

During this entire work we are helped by Vd. Suman Singh (Assistant Professor, GACV) mam and Vd. Nilesh Patel sir (Lecturer, GACV) and we pay our heartiest thanks to them.

We are also thankful to all the 2nd and 1st year PG scholars of Upgraded department of Dravyaguna for their cordial support.

We are grateful to the Pravin Prakashan, Rajkot for re-publishing the book *Kutch Swasthan ni Vanspatio*- By Shri Jaykrishna Indrajithakar. This book has been republished with the aim of preserving the knowledge of plants and using it for the welfare of mankind. Thus, for our present compilation the book *Kutch Swasthan ni Vanspatio* has remained torch bearer.
